D. Conflict of Interest

The purpose of the conflict of interest policy is to protect this tax-exempt organization's (St. Michael's Salle d'Armes, the Organization) interest when it is contemplating entering into a transaction or arrangement that might benefit the private interest of an officer or director of the Organization or might result in a possible excess benefit transaction. This policy is intended to supplement but not replace any applicable state and federal laws governing conflict of interest applicable to nonprofit and charitable organizations.

1. Definitions

- a. Interested Person: Any director, principal officer, or member of a committee with governing board delegated powers, who has a direct or indirect financial interest, as defined below, is an interested person.

 - i. An ownership or investment interest in any entity with which the Organization has a transaction or arrangement,
 - ii. A compensation arrangement with the Organization or with any entity or individual with which the Organization has a transaction or arrangement, or
 - iii. A potential ownership or investment interest in, or compensation arrangement with, any entity or individual with which the Organization is negotiating a transaction or arrangement.
- c. Compensation includes direct and indirect remuneration as well as gifts or favors that are not insubstantial.
- d. A financial interest is not necessarily a conflict of interest. Under Section 2, Subsection b, a person who has a financial interest may have a conflict of interest only if the appropriate governing board or committee decides that a conflict of interest exists.

2. Procedures

- a. Duty to Disclose: In connection with any actual or possible conflict of interest, an interested person must disclose the existence of the financial interest and be given the opportunity to disclose all material facts to the directors and members of committees with governing board delegated powers considering the proposed transaction or arrangement
- b. Determining Whether a Conflict of Interest Exists: After disclosure of the financial interest and all material facts, and after any discussion with the interested person, he/she shall leave the governing board or committee meeting while the determination of a conflict of interest is discussed and voted upon. The remaining board or committee members shall decide if a conflict of interest exists.
- c. Procedures for Addressing the Conflict of Interest:
 - i. An interested person may make a presentation at the governing board or committee meeting, but after the presentation, he/she shall leave the meeting during the discussion of, and the vote on, the transaction or arrangement involving the possible conflict of interest.
 - ii. The Guildmaster or committee chair shall, if appropriate, appoint a disinterested person or committee to investigate alternatives to the proposed transaction or arrangement.
 - iii. After exercising due diligence, the governing board or committee shall determine whether the Organization can obtain with reasonable efforts a more advantageous transaction or arrangement from a person or entity that would not give rise to a conflict of interest.

- iv. If a more advantageous transaction or arrangement is not reasonably possible under circumstances not producing a conflict of interest, the governing board or committee shall determine by a majority vote of the disinterested directors whether the transaction or arrangement is in the Organization's best interest, for its own benefit, and whether it is fair and reasonable. In conformity with the above determination it shall make its decision as to whether to enter into the transaction or arrangement.
 - d. Violations of the Conflict of Interest Policy:
 - i. If the governing board or committee has reasonable cause to believe a member has failed to disclose actual or possible conflicts of interest, it shall inform the member of the basis for such belief and afford the member an opportunity to explain the alleged failure to disclose.
 - ii. If, after hearing the member's response and after making further investigation as warranted by the circumstances, the governing board or committee determines the member has failed to disclose an actual or possible conflict of interest, it shall take appropriate disciplinary and corrective action.
- 3. Records of Proceedings: The minutes of the governing board and all committees with board delegated powers shall contain:
 - a. The names of the persons who disclosed or otherwise were found to have a financial interest in connection with an actual or possible conflict of interest, the nature of the financial interest, any action taken to determine whether a conflict of interest was present, and the governing board's or committee's decision as to whether a conflict of interest in fact existed.
 - b. The names of the persons who were present for discussions and votes relating to the transaction or arrangement, the content of the discussion, including any alternatives to the proposed transaction or arrangement, and a record of any votes taken in connection with the proceedings.
- 4. Compensation
 - a. A voting member of the governing board who receives compensation, directly or indirectly, from the Organization for service is precluded from voting on matters pertaining to that member's compensation.

 - a. Has received a copy of the conflicts of interest policy
 - b. Has read and understands the policy,
 - c. Has agreed to comply with this policy, and
 - d. Understands the Organization is charitable and in order to maintain its federal tax exemption it must engage primarily in activities which accomplish one or more of its tax-exempt purposes.
6. Periodic Reviews: To ensure the Organization operates in a manner consistent with charitable purposes and does not engage in activities that could jeopardize its tax-exempt status, periodic reviews shall be conducted. The periodic reviews shall, at a minimum, include the following subjects:
 - a. Whether compensation arrangements and benefits are reasonable, based on competent survey information, and the result of arm's length bargaining.
 - b. Whether partnerships, joint ventures, and arrangements with management organizations conform to the Organization's written policies, are properly recorded, reflect reasonable investment or payments for goods and services, further charitable purposes and do not result in inurement, impermissible private benefit or in an excess benefit transaction.
7. Use of Outside Experts: When conducting the periodic reviews as provided for in Section 6, the Organization may, but need not, use outside advisors. If outside experts are used, their use shall not relieve the governing board of its responsibility for ensuring periodic reviews are conducted.

 - iv. The date on which the Board will first review the member's compliance with the warning

A. Goals

The goal of St. Michael's is to insure that those who wish to practice the historical forms of European martial arts can do so in an honorable and reasonably realistic fashion that stresses safety. It is not the intent of St. Michael's to recreate actual combat. It is impossible to replicate historically authentic personal combat without resorting to actual death or dismemberment.

B. Injury

Injuries will occur, despite the best efforts to avoid them. Injuries are defined as any bodily harm beyond a simple bruise or sprain; for example, lacerations, broken bones, concussion would all be injuries. Injuries occurring at any St. Michael's event, whether or not associated with swordplay, shall be investigated as described below.

See Appendix B for basic First Aid information.

C. Incident Report

If an unusual incident occurs, whether or not an injury is associated with the incident, such incident will be investigated. This investigation shall be done by the Guildmaster or his designee. Such an investigation shall commence immediately upon identification of an incident, and a preliminary report shall be available within 24 hours.

The investigation shall include analysis of contributing factors and ways to prevent similar incidents in the future. A master file of such incidents shall be maintained by the Secretary. Quarterly and Annual trending shall be reviewed at corporate meetings.

Should a violation of the Rules of Conduct (Article III Section D) or the Rules of Engagement (Appendix A) be involved, a guildmember may be sanctioned as delineated in the Grievance Process (Article III Section E).

See Appendix D for the Incident Report form.

D. Rules of Engagement

The Rules of Engagement are specified in Appendix A.

Article VI – Costuming and Characterization

A. Historical Era

We have chosen to play St. Michael's Salle d'Armes in the 15th, 16th and 17th centuries. We represent an elite corps of townsmen and women, who are in a position to support the guild financially. We are based in Ghent, Flanders (Belgium) (we are Flemish), and often travel to England to teach those associated with the Tudor Courts.

B. Characterization

Members within the Guild are not all fencers; various support roles as well as guest roles will exist. For example, a ship's captain could be training with us in trade for our passage to England. Since we do not travel with the Royals, we will be staying at a variety of inns, or within private homes – our hosts will frequently be present in the encampment.

C. Costuming

1. Costumes should represent the character you have chosen to play. For the most part, members of St. Michael's would be middle-class or higher, although not royal. As such, some types of fabrics, colors, and styles will be more appropriate than others.
2. No member of this guild shall have a costume using fabric in neon colors, lamé or other metallic colors or purple.
3. Each member shall present a costume plan to the guild as a whole at a regularly scheduled meeting. The plan shall be reviewed, and approval granted by majority vote. A proctor shall be appointed who shall assist the member in putting the costume together, and verifying that the final costume has followed the approved plan. Deviation from the plan will require repeated guild approval prior to being worn at a guild event. The costume plan shall include intended fabrics, colors and finishing items. It will not include weapons or armor.
4. References can be quite difficult to obtain. Many sources are out of print, or have been reprinted in an abridged format. For our purposes, the basic references will include:
 - a. *Western European Costume* (Iris Brooke/William-Alan Landes)
 - b. *The Evolution of Fashion* (Margot Hamilton Hill)
 - c. Margo's Patterns (*Elizabethan Lady's Wardrobe, Elizabethan Lady's Underpinnings, Elizabethan Gentleman's Wardrobe, Elizabethan Accessories*) (Margo Anderson, www.margospatterns.com)
5. BASIC EQUIPMENT LIST
 - a. Basic costume
 1. Shirt or Chemise (two are suggested)
 2. Doublet or Bodice
 3. Breeches or Skirts (two skirts are optimal)

- 4.Hose (two pair are suggested)
- 5.Shoes
- 6.Hat or other headgear
- 7.OPTIONAL: Jerkin or Gown (worn over the Doublet or Bodice)
- 8.OPTIONAL: Boots (more for fighting)
- 9.OPTIONAL: Cloak
- b. Mug or cup, bowl or plate and utensils (period and status appropriate)
- c. Personal weapons (see Section D)
- d. Sunscreen
- e. Water
- f. Prescription and other necessary medications

D. Weapons

Weapons may be considered a part of everyone's costume. Weapons used for fighting must meet the criteria described in Appendix A. During Faire hours, guildmembers shall be considered to be going about their daily business in town. As townsmen and women, nearly everyone would have a belt knife. If carrying any other piece, it would most likely be a rapier, small sword or side sword. Long swords and daggers are seen less commonly. Weapons should be sheathed when not in the encampment.
